

How to measure your size in lingerie.....

BUST

Measure under your arms, around the fullest part of your bust.

WAIST

Measure around your natural waistline, being the smallest part.

LOW WAIST

Measure approximately 2" below the natural waistline or 2 fingers below the navel. This measurement applies to all of our pants and shorts. It is also used for any skirt that sits below the navel.

HIPS

Measure around the fullest part of your hip.

European Sizing

Please take all measurements in centimetres and then divide by 2.54 which will give you the equivalent in inches.

An example would be a waist size of 78.74 centimetres divided by 2.54 would equal a 31 inch waist.
